

Senior Geologist

Copper Mountain Mine is a large scale open pit copper mine located in south central British Columbia. The mine has a 30 year mine plan with significant opportunity for mine life extension. If you like to work with people in a working environment to deliver results, and you enjoy an active outdoor lifestyle with easy access to city life, this could be your opportunity.

Responsibilities

- Supervise and provide guidance to geology team with day to day routines/tasks including ore control
- Produce Reverse Circulation (RC) infill drilling plans and budgets targeting planned ore release
- Manage RC infill drilling programs, ensuring quality control of drilling, sampling, and compliance of contractors with site standard operating procedures and BC Mines Code regulations
- Assist in management of site exploration diamond drilling programs
- Provide geological analysis and modeling of geological zones and mineralization in the pits
- Help to implement and optimize ore reserve and ore control block models
- Work with metallurgy group to manage mine to mill program focusing on throughput and recovery in the concentrator
- Provide management and continuous improvement of technology to improve mining practices
- Complete reconciliation of block models in comparison to actual production; support completion of month-end reporting of reconciliation data
- Remain current with industry standards and new theories/technologies used in the field of geology
- Be a leader in safety, promote a safe working environment and culture with all co-workers and contractors

Qualifications/Experience

- 5-7 years of relative experience - practical work experience specifically related to open pit mining and mineral exploration
- B.Sc in Geology or similar field is required
- Certified Professional Geologist designation and registered with EGBC (or eligible for registration)
- Strong computer skills with mining software background; Surpac experience an asset
- Strong commitment to workplace safety

Pay and Benefits

CMM offers a competitive wage, comprehensive benefit package including RRSP contributions.

There is no camp provision at Copper Mountain Mine. This position works Monday to Friday. All qualified persons are invited to apply; **applicants must be legally entitled to work in Canada.**

You will be required to participate in a pre-employment drug & alcohol screening and a medical.

Send resume outlining related qualifications to hr@cumtnop.com (in either word or pdf format). We wish to thank all applicants for their interest and effort in applying for the position; however, only candidates selected for interviews will be contacted.

Your application to this posting is deemed to be your consent to the collection, use and necessary disclosure of personal information for the purposes of recruitment. Copper Mountain Mine respects the privacy of all applicants and the confidentiality of personal information.
