

Copper Mountain Mining Corporation (CMMC) is a TSX/ASX listed copper producer, developer and explorer in world class mining jurisdictions. Copper Mountain's flagship asset is the 75% owned Copper Mountain mine located in southern British Columbia near the town of Princeton. The Copper Mountain mine produces over 100 million pounds of copper equivalent per year with a large resource that remains open laterally and at depth. Copper Mountain also has the development stage Eva Copper Project in Queensland, Australia, which is expected to add approximately 100 million pounds of copper on an annual basis, in addition to an extensive 210,000 hectare highly prospective land package in the Mount Isa area. Headquartered in Vancouver, BC, Copper Mountain trades on the Toronto Stock Exchange under the symbol "CMMC" and Australian Stock Exchange under the symbol "C6C".

### **Position**

Environment and Community Relations Manager, Eva Copper

### **Location**

Brisbane and Cloncurry, Queensland, Australia

### **Summary**

Reporting to the Eva Copper Project Manager, the Environment and Community Relations Manager is responsible for leading all activities related to environment, permitting and community relations.

### **Key Responsibilities**

- Develop and maintain strong working relationships with various levels of government, regulatory agencies, stakeholders, and communities to advance the Project.
- Ensure compliance is maintained with regards to environmental permits, licenses and regulations.
- Keep abreast of existing and pending legislation and regulations which may impact CMMC's plans and activities; coordinate and disseminate regulatory information within the Company.
- Coordinate and manage environmental and permitting contractor and consultant activities.
- Provide corporate technical support with regard to environmental compliance, governance and permitting in Australia.
- Represent CMMC at business and community events and participate in appropriate industry associations to enhance and further the Company's interests as well as the industry as a whole.
- Foster and maintain strong relationships with Eva Copper's Indigenous partners;
- Provide a local presence and facilitate coordination within the local communities to ensure their successful participation in the project benefits in a manner consistent with CMMC's values.
- Engage community leadership and representatives, solicit on-going input and feedback, and collaborate on human resources, training, business, and other matters.
- Perform other duties as assigned and required.

### **Education & Experience**

- Bachelor's degree in Environmental Science, Engineering, or related field.
- Minimum 8 years related experience, including extensive environmental/permitting experience with mining operations or resource projects, preferably in Australia.
- Experience working with local communities related to new mining projects.
- Working knowledge of the applicable state and federal environmental regulations.

- Familiar with current regulatory, environmental assessment and permitting practices.

### Required Skills

- Ability to work in a fast-paced, dynamic environment managing multiple priorities under tight deadlines.
- Excellent oral and written communication skills, including the ability to present ideas clearly.
- Ability to take initiative and work independently as well as across different levels of the organization.
- Strong attention to detail and exceptional organizational skills
- Ability to identify key technical and business issues and develop innovative solutions.
- High degree of business acumen and ability to think strategically.
- Strong leadership skills.
