

Journey person Pipefitter

Copper Mountain Mining Corporation is a TSX/ASX listed copper producer, developer, and explorer in world-class mining jurisdictions. Copper Mountain's flagship asset is the 75% owned Copper Mountain mine located in southern British Columbia near the town of Princeton. The Copper Mountain mine has a +30-year mine life based on resources and produces over 100 million pounds of copper equivalent per year with exceptional upside.

The Company also has the development-stage Eva Copper Project in Queensland, Australia in addition to an extensive 210,000 hectare highly prospective land package in the Mount Isa district. Headquartered in Vancouver, BC, Copper Mountain trades on the Toronto Stock Exchange under the symbol "CMMC" and the Australian Stock Exchange under the symbol "C6C".

Become a Part of Our Team

As we continue to grow Copper Mountain Mining Corporation, there are many career development opportunities available for motivated and goal-oriented individuals.

Work with us and you will benefit from the mentorship and guidance of experienced team members because we understand that in order to accomplish our goals, we must work as a team and rely on the effort of every team member.

Position

Journey person Pipefitter

Location

Copper Mountain Mine is located near the town of Princeton, British Columbia at the center of the scenic Similkameen Valley. Princeton is a community-oriented town with a diverse offering of activities, especially for those who love the outdoors. Princeton is also in close proximity to both the city of Vancouver and the Okanagan.

Summary

Reporting to the Mill Mechanical Supervisor, the Journey person Pipefitter is responsible for safely performing scheduled and unscheduled maintenance tasks to optimize equipment and system availability and to contribute to the performance of the Mill Maintenance team.

- Drafts detailed sketches for pipe and equipment fabrication and installation, as required,
- Repairs, adjusts, fabricates, and maintains piping systems within the Mill,

- Measures, cuts, threads, lays out, fits, cuts, and installs metal, plastic, and fibreglass pipes, valves, and fittings,
- Uses testing equipment to check systems for leaks,
- Provides guidance and coaching in the training of apprentices,
- Performs other responsibilities related to the Journeyman Pipefitter as required or as assigned by the Mill Mechanical Supervisor.

Education & Experience

- Interprovincial Red Seal Pipefitter Certification,
- Overhead crane, Aerial Work Platform, and Rigging Certificate are considered an asset,
- Welding experience is considered an asset,
- Pipe fusing ticket considered an asset,
- Experience with pipe system layout and pipe fitting fabrication including elbows, wyes, and tees,
- Possess a valid Class 5/7N British Columbia driver's license and have access to personal transportation.

Required Skills

- Effective written and verbal communication skills,
- Demonstrated aptitude in reading and interpreting diagrams, schematics, drawings, manuals, and specifications,
- Strong work ethic, capable of performing tasks with minimal supervision,
- Have high regard for personal safety and the safety of company property and employees,
- Able to prioritize and handle multiple tasks simultaneously,
- Ability to work well under pressure and handle strict deadlines,
- Determined manual dexterity to use power and hand tools,
- Ability to work outdoors in all weather conditions,
- Capable of working at heights and in confined spaces,
- Will be required to be clean-shaven.

Working Conditions

- Frequent exposure to uncomfortable conditions associated with the work environment such as noise and working in dusty and wet environments,
- Must be able to meet the physical demands of the position, heavy lifting, awkward positions, walking and standing.

To Apply
