

Heavy Duty Equipment Operator

Copper Mountain Mining Corporation is a TSX/ASX listed copper producer, developer, and explorer in world-class mining jurisdictions. Copper Mountain's flagship asset is the 75% owned Copper Mountain mine located in southern British Columbia near the town of Princeton. The Copper Mountain mine has a +30-year mine life based on resources and produces over 100 million pounds of copper equivalent per year with exceptional upside.

The Company also has the development-stage Eva Copper Project in Queensland, Australia in addition to an extensive 210,000 hectare highly prospective land package in the Mount Isa district. Headquartered in Vancouver, BC, Copper Mountain trades on the Toronto Stock Exchange under the symbol "CMMC" and the Australian Stock Exchange under the symbol "C6C".

Become a Part of Our Team

As we continue to grow Copper Mountain Mining Corporation, there are many career development opportunities available for motivated and goal-oriented individuals.

Work with us and you will benefit from the mentorship and guidance of experienced team members because we understand that in order to accomplish our goals, we must work as a team and rely on the effort of every team member.

Position

Heavy Duty Equipment Operator

Location

Copper Mountain Mine is located near the town of Princeton, British Columbia at the center of the scenic Similkameen Valley. Princeton is a community-oriented town with a diverse offering of activities, especially for those who love the outdoors. Princeton is also in close proximity to both the city of Vancouver and the Okanagan.

Summary

Reporting to Mine Operations Supervisor, the Heavy Duty Equipment Operator is responsible for full oversight of operating heavy-duty equipment such as excavators, bulldozers, loaders, and graders to excavate, move, load, and grade earth, rock, gravel, and other materials during construction and related activities.

This is a permanent full-time role on a 4x4 rotation, 12-hour shifts, both day shift, and night shift roster.

Responsibilities

- Operates heavy-duty equipment, such as excavators, bulldozers, loaders, and graders in accordance with the mine procedures and standards,
- Performs daily pre- and post-trip equipment inspections and reports any needed repairs on broken or improperly working equipment,
- Conducts all activities safely and following all Copper Mountain Mine safety requirements and SOPs,

- Performs other responsibilities related to the Heavy Duty Equipment Operator role as required or as assigned by the department head.

Education & Experience

- Must be signed off on excavators, bulldozers, loaders, and graders,
- Possesses a valid Class 5/7N driver's license and has access to personal transportation.

Required Skills

- Effective communication and interpersonal skills,
- Self-motivated and able to work with minimal supervision,
- Possess a solid understanding of maximizing production while minimizing contamination,
- Able to learn from others and adopt best practices while maintaining a strong focus on safety, integrity, and reliability.

Working Conditions

- Frequent exposure to uncomfortable conditions associated with the work environment such as noise and working in dusty and wet environments,
- Occasional exposure to working in unfavourable weather conditions,
- Exposure to driving in all conditions, including winter driving.

Other Requirements

- Successful completion of pre-employment screening requirements and drug & alcohol testing,
- Provide proof of a valid Class 5/7N driver's license,
- Demonstrate eligibility to work in Canada.

To Apply

To apply, please send your cover letter and resume to humanresources@cumtn.com. Please include **'Heavy Duty Equipment Operator'** in the subject line of your email response.

Copper Mountain Mine is an equal-opportunity employer committed to diversity, equity, and inclusion. While we consider all qualified applicants for employment and thank all applicants for their interest, only those selected for an interview will be contacted.
