

Red Seal Millwright

Copper Mountain Mining Corporation is a TSX/ASX listed copper producer, developer, and explorer in world-class mining jurisdictions. Copper Mountain's flagship asset is the 75% owned Copper Mountain mine located in southern British Columbia near the town of Princeton. The Copper Mountain mine has a +30-year mine life based on resources and produces over 100 million pounds of copper equivalent per year with exceptional upside.

The Company also has the development-stage Eva Copper Project in Queensland, Australia in addition to an extensive 210,000 hectare highly prospective land package in the Mount Isa district. Headquartered in Vancouver, BC, Copper Mountain trades on the Toronto Stock Exchange under the symbol "CMMC" and the Australian Stock Exchange under the symbol "C6C".

Become a Part of Our Team

As we continue to grow Copper Mountain Mining Corporation, many career development opportunities are available for motivated and goal-oriented individuals.

Work with us and you will benefit from the mentorship and guidance of experienced team members because we understand that to accomplish our goals, we must work as a team and rely on the effort of every team member.

Position

Red Seal Millwright

Location

Copper Mountain Mine, is located near the town of Princeton, British Columbia at the center of the scenic Similkameen Valley. Princeton is a community-oriented town with a diverse offering of activities, especially for those who love the outdoors. Princeton is also in close proximity to both the city of Vancouver and the Okanagan.

Summary

Reporting to the Mill Maintenance Supervisor, the Red Seal Millwright will provide full oversight of preventative maintenance services and repairs, troubleshooting, diagnosis, and creation of service plans. Troubleshooting will take place in the field and the shop as required and as determined by the maintenance supervisor.

Key Responsibilities

- Performs mechanical preventative maintenance and repairs working within the Mill Maintenance team,
- Works safely to repair and maintain all milling equipment within the mill building, internal and external tailings system equipment, and pumping systems for underground water and freshwater supply,
- Performs any other responsibilities related to the Red Seal Millwright role as required or as assigned by the department head.

Education & Experience

- Red Seal Millwright Certificate,
- At least 1 year of industrial experience, preferably in mining,
- Experience with SAG and Ball mills, conveyors, and gyratory crushers is an asset,
- Welding experience would be considered an asset,
- Possess a valid Class 5/7N driver's license and have access to personal transportation.

Required Skills

- Possess strong communication and interpersonal skills,
- Ability to work collaboratively with others in a positive manner and in a diverse environment,
- Possess strong organizational, prioritization, and time management skills,
- Possess a solid mechanical ability/aptitude,
- Self-motivated and able to work alone or with minimal supervision,
- Required to meet pre-employment testing requirements.

Working Conditions

- Frequent exposure to uncomfortable conditions associated with the work environment such as working in noisy and dusty environments,
- Repeated exposure to vibrations, and chemicals, and will often require working alone with minimum supervision,
- Work includes working in heavy industrial environments; this may have conditions that include adverse temperature conditions, both hot and cold; in and/or around moisture; walking on slippery and/or rough, uneven surfaces, in confined spaces; at heights; and involves climbing ladders and stairs,
- Exposure to working outdoors in all weather conditions, operating a light vehicle at our operations, in various weather conditions and terrain, including winter driving,
- Regular exposure to lifting and moving items and equipment up to 50 pounds,
- Work requires to be clean-shaven.

Other Requirements

- Successful completion of pre-employment screening requirements and drug & alcohol testing,
- Provide proof of a valid class 5/7N driver's license,
- Demonstrate eligibility to work in Canada,
- Provide confirmation of valid educational requirements.
